

**Schoharie County Soil & Water Conservation District
2024 Spring Fish Stocking Order Form**

Pick Up Date & Time: Thursday, May 30th, 2024 @ 12pm

173 South Grand Street, Suite 3

Cobleskill, NY 12043

Orders due (with payment and/or permits): Tuesday, May 14th, 2024

Checks Made Out To: Schoharie County SWCD

Size & Species	Quantity / Price	Quantity Ordered	Amount Due
4-6" Channel Catfish	10/\$28.00		
4-6" Largemouth Bass	25/\$110.00		
Fathead Minnows (forage for bass)	\$25/lb (200-300 minnows)		
12" Triploid Grass Carp <i>**Requires Permit from DEC**</i>	\$25.00 Each		
		Total Amount Due	

- A Grass Carp Permit MUST be obtained by NYS DEC prior to ordering. A copy of the permit MUST be submitted with your order, it will not be processed until it is received.
- Channel Catfish will reach approximately 2ft in length at maturity. They are semi-aggressive so be mindful if you plan to have them in swimming ponds and they will live approximately 8 years. We do not suggest this species for ponds less than a half-acre in size.
- Orders not picked up will not be held or refunded. They will also be subject to a cancellation fee.
- Price changes from year to year are due to supplier costs and sizes of fingerlings/adults available. We try our best to keep our costs to you as low as possible.
- **Orders will come bagged and boxed. You do not need to bring a container with you.**
- The District is not responsible for loss of fish during transport by the customer.

****Bass Stocking Recommendations****

Bass: 100 fingerlings per surface acre (4-5" are slightly larger than a fingerling, so stocking can be cut by half) along with 500-600 minnows per surface acre.
